

Roller Shades 101: Shading Solutions for Hospitality

Presented by: Eric Dudley from P/Kaufmann Contract

Course Description:

Roller shades have always been a cost-effective, durable, low maintenance window solution, but they can be so much more! Shading systems have become an essential part of the modern hospitality experience where guests expect to control their environment and be enriched by their surroundings. This course will outline the benefits of shading solutions for hospitality applications and break down the considerations to keep in mind when specifying roller shade fabrics, hardware, and controls.
